

PROPOSITION TO THE BILLIONAIRES OF THE WORLD:

I Know the **Price Points Relative to Time** in
Apple, Google, Facebook, and the US Ten Year.

I Can Lead **\$ 1 Billion or \$ 100 Billion +** in
Any of those Instruments: **51 % Short, 49 % in US Bills:**

I Have the *Courage of My Convictions* and can **“Sit Tight”** –
Indispensable to Capital, Size or Control Being No Matter....

I Will Out Yield All of the **“Top Dogs”** Hands Down –
Solo – Purely on **Time & Price** – and Seminally,
Without Regard to Outcome.

The Market is a ***Game of Skill, Not Luck.***

I Will Prove the World of Yield is Not Flat,
but Rather ***Circular Relative to Time and Price.***

“Good Will Hunting” Met the Legendary ***Jesse Livermore....***
